Evaluation sheet

AKTIVLINE®

Last name, First name _____

Date of birth (TT,MM,JJ) _____

Sex male female

Height _____ cm

Weight _____ kg

School / Profession _____

Hobby / Sports _____

Date of first trial _____

Date of second trial _____

Diagnosis _____

Length of time seated per day < 1 hour 1-3 hours 3-5 hours 5-8 hours > 8 hours
without interruption: _____ hours

Length of time lying down per day < 1 hour 1-3 hours 3-5 hours 5-8 hours > 8 hours
without interruption: _____ hours

Length of time standing per day < 1 hour 1-3 hours 3-5 hours 5-8 hours > 8 hours
without interruption: _____ hours

Pain symptoms* _____

mental and physical discomfort

Pressure areas* _____

Neurovegetative dysfunction _____

Excretion / digestion Incontinence Obstipation

Drugs

Muscle relaxants Antiepileptics

Baclofen pump Botulinum Toxin*: _____

Other*: _____

Important Surgery _____

Selective dorsal rhizotomy

Skoliosis severe moderate mild correctable
 right convex left convex

Hyperkyphosis (type) severe moderate mild correctable

Hyperlordosis (type) severe moderate mild correctable

Pelvic obliquity* severe moderate mild correctable

Hip luxation (type) right left

Hip subluxation (type) right left

Flexibility

	rt.	lt.		rt.	lt.		rt.	lt.	
Hip joint	<input type="checkbox"/>	<input type="checkbox"/>	mobile	<input type="checkbox"/>	<input type="checkbox"/>	constricted	<input type="checkbox"/>	<input type="checkbox"/>	rigid
Knee joint	<input type="checkbox"/>	<input type="checkbox"/>	mobile	<input type="checkbox"/>	<input type="checkbox"/>	constricted	<input type="checkbox"/>	<input type="checkbox"/>	rigid
Ankle joint	<input type="checkbox"/>	<input type="checkbox"/>	mobile	<input type="checkbox"/>	<input type="checkbox"/>	constricted	<input type="checkbox"/>	<input type="checkbox"/>	rigid
Shoulder joint	<input type="checkbox"/>	<input type="checkbox"/>	mobile	<input type="checkbox"/>	<input type="checkbox"/>	constricted	<input type="checkbox"/>	<input type="checkbox"/>	rigid

Remarks

Hip joint (Following neutral measurement)	Knee joint	Ankle joint

Progress of deformities is rapid slow

Difference in leg lengths (rt./lt.)

Upper leg _____ cm Lower leg _____ cm

With **active** movement, the patient feels well the same poor

With **passive** movement, the patient feels well the same poor

Movement pattern*

- | | | |
|---------------------------------------|---------------------------------------------|---------------------------------------|
| <input type="checkbox"/> symmetrical | <input type="checkbox"/> asymmetrical | <input type="checkbox"/> in extension |
| <input type="checkbox"/> in flexion | <input type="checkbox"/> spastic | <input type="checkbox"/> dyskinetic |
| <input type="checkbox"/> chaotic | <input type="checkbox"/> with trunk torsion | |
| <input type="checkbox"/> Other: _____ | | |

Affected parts of the body*

All _____

(1 = mild

2 = severe

3 = very severe)

<input type="checkbox"/> Head _____	rt. lt.	<input type="checkbox"/> Shoulder _____	rt. lt.	<input type="checkbox"/> Arm _____
<input type="checkbox"/> Trunk _____	<input type="checkbox"/> Hand _____	<input type="checkbox"/> Foot _____	<input type="checkbox"/> Hip _____	<input type="checkbox"/> Knee _____

Trigger*

- | | | |
|-------------------------------------------------------------------------------------------|--------------------------------------------------|---------------------------------------------|
| <input type="checkbox"/> Excitement | <input type="checkbox"/> Strong stimuli* | <input type="checkbox"/> Change in position |
| <input type="checkbox"/> Speaking | <input type="checkbox"/> Pain | <input type="checkbox"/> Eating / Drinking |
| <input type="checkbox"/> Hand function | <input type="checkbox"/> Voluntary body movement | |
| <input type="checkbox"/> Active control of the head <input type="checkbox"/> Other: _____ | | |

Is any of the following treatments in use?

Back brace*

Orthotic device*

Evaluation sheet

- Skin**
- | | | |
|-----------------------------------------|-------------------------------------------------|---------------------------------------------|
| <input type="checkbox"/> bruises easily | <input type="checkbox"/> poor blood circulation | <input type="checkbox"/> allergic reactions |
| <input type="checkbox"/> very sensitive | <input type="checkbox"/> mildly sensitive | <input type="checkbox"/> not sensitive |

- Eating**

| Eye/hand coordination | <input type="checkbox"/> good | <input type="checkbox"/> moderate | <input type="checkbox"/> low | <input type="checkbox"/> none at all |

- Sight**
- | | | | |
|-------------------------------|----------------------------------|--------------------------------|-----------------------------------------|
| <input type="checkbox"/> good | <input type="checkbox"/> limited | <input type="checkbox"/> blind | <input type="checkbox"/> Devices: _____ |
|-------------------------------|----------------------------------|--------------------------------|-----------------------------------------|

- Hearing**
- | | | | |
|-------------------------------|----------------------------------|-------------------------------|-----------------------------------------|
| <input type="checkbox"/> good | <input type="checkbox"/> limited | <input type="checkbox"/> deaf | <input type="checkbox"/> Devices: _____ |
|-------------------------------|----------------------------------|-------------------------------|-----------------------------------------|

- Environmental control**
- | |
|-----------------------------------------|
| <input type="checkbox"/> independent |
| <input type="checkbox"/> delegated |
| <input type="checkbox"/> Devices: _____ |

- Therapies**
- | | | |
|----------------------------------------|-----------------------------------------------|-----------------------------------------|
| <input type="checkbox"/> Physiotherapy | <input type="checkbox"/> Occupational therapy | <input type="checkbox"/> Speech therapy |
|----------------------------------------|-----------------------------------------------|-----------------------------------------|

- Treatment to date**
- | | | |
|----------------------------------------------|----------------------------------------------|--------------------------------|
| <input type="checkbox"/> Active wheelchair | <input type="checkbox"/> Standard seat shell | <input type="checkbox"/> Buggy |
| <input type="checkbox"/> Electric wheelchair | <input type="checkbox"/> Seat shell | <input type="checkbox"/> none |

- Satisfaction**
- | | | |
|-----------------------------------------|---------------------------------------------|---------------------------------------|
| <input type="checkbox"/> very satisfied | <input type="checkbox"/> somewhat satisfied | <input type="checkbox"/> dissatisfied |
|-----------------------------------------|---------------------------------------------|---------------------------------------|

Reason

Duration of treatment to date from _____ to _____

- Description of the posture system**
- | | | |
|-----------------------------------------|---------------------------------------------|---------------------------------------|
| <input type="checkbox"/> very satisfied | <input type="checkbox"/> somewhat satisfied | <input type="checkbox"/> dissatisfied |
|-----------------------------------------|---------------------------------------------|---------------------------------------|

- Features for**
- | | | |
|--------------------------------------------------|---------------------------------------|------------------------------------|
| <input type="checkbox"/> Residential environment | <input type="checkbox"/> Kindergarten | <input type="checkbox"/> School |
| <input type="checkbox"/> Outdoors | <input type="checkbox"/> Workplace | <input type="checkbox"/> Transport |
| <input type="checkbox"/> _____ | | |

Fixation

- | | | |
|--------------------------------|---------------------------------|-------------------------------|
| <input type="checkbox"/> Trunk | <input type="checkbox"/> Pelvis | <input type="checkbox"/> Arms |
| <input type="checkbox"/> Legs | <input type="checkbox"/> Head | <input type="checkbox"/> Feet |
| <input type="checkbox"/> _____ | | |

Head rest

- | | | |
|---------------------------------------|------------------------------------------|--------------------------------------------------------|
| <input type="checkbox"/> shell-shaped | <input type="checkbox"/> half-roll | <input type="checkbox"/> with occipitoparietal support |
| <input type="checkbox"/> with wings | <input type="checkbox"/> lat. positioned | <input type="checkbox"/> dynamic |
| <input type="checkbox"/> _____ | | |

Back rest

- | | | |
|-------------------------------------|--------------------------------------------------|-----------------------------------------------------------|
| <input type="checkbox"/> Standard | <input type="checkbox"/> based on custom contour | <input type="checkbox"/> with anat. lateral side supports |
| <input type="checkbox"/> immersible | <input type="checkbox"/> lat. supports | <input type="checkbox"/> with table |

Seat

- | | | |
|--------------------------------------------------|-------------------------------------------|------------------------------------------------|
| <input type="checkbox"/> Standard | <input type="checkbox"/> Special cushions | <input type="checkbox"/> anat. shaped |
| <input type="checkbox"/> based on custom contour | <input type="checkbox"/> Abduction pommel | <input type="checkbox"/> Ischial relief insert |
| <input type="checkbox"/> Add. guide | <input type="checkbox"/> _____ | |

Leg rest

- | | | |
|-------------------------------------|---------------------------------------|-----------------------------------------------------|
| <input type="checkbox"/> Standard | <input type="checkbox"/> complete | <input type="checkbox"/> with individual foot rests |
| <input type="checkbox"/> adjustable | <input type="checkbox"/> custom-built | <input type="checkbox"/> Foot guide |
| <input type="checkbox"/> _____ | | |

Undercarriage

- | | | |
|-----------------------------------------------|-------------------------------------------------------------------|-------------------------------------|
| <input type="checkbox"/> Street undercarriage | <input type="checkbox"/> Room undercarriage | <input type="checkbox"/> Wheelchair |
| <input type="checkbox"/> Electric wheelchair | <input type="checkbox"/> Wheelchair with auxiliary electric motor | |

Control

Transfer

- | | | | |
|--------------------------------------|------------------------------------------|-------------------------------------------|---------------------------------|
| <input type="checkbox"/> independent | <input type="checkbox"/> with assistance | <input type="checkbox"/> with 1-2 persons | <input type="checkbox"/> Lifter |
|--------------------------------------|------------------------------------------|-------------------------------------------|---------------------------------|

Trial with an AKTIVLINE

- | | |
|---------------------------------------------------------------|-----------------------------------------------------------|
| <input type="checkbox"/> Trial with demo AKTIVLINE no.: _____ | <input type="checkbox"/> with feedforward hydraulic brake |
|---------------------------------------------------------------|-----------------------------------------------------------|

Shell suspension

- | | | |
|-------------------------------|-----------------------------------|-------------------------------|
| <input type="checkbox"/> hard | <input type="checkbox"/> moderate | <input type="checkbox"/> soft |
|-------------------------------|-----------------------------------|-------------------------------|

Leg rest system suspension

- | | | |
|-------------------------------|-----------------------------------|-------------------------------|
| <input type="checkbox"/> hard | <input type="checkbox"/> moderate | <input type="checkbox"/> soft |
|-------------------------------|-----------------------------------|-------------------------------|

Movement start in AKTIVLINE

- | | |
|-------------------------------|-------------------------------|
| <input type="checkbox"/> slow | <input type="checkbox"/> fast |
|-------------------------------|-------------------------------|

Movement end in AKTIVLINE

- | | |
|-------------------------------|-------------------------------|
| <input type="checkbox"/> slow | <input type="checkbox"/> fast |
|-------------------------------|-------------------------------|

Movement pattern

- | | |
|--------------------------------------|---------------------------------------|
| <input type="checkbox"/> symmetrical | <input type="checkbox"/> asymmetrical |
|--------------------------------------|---------------------------------------|

Frequency of extension

- | | | |
|-------------------------------|--------------------------------|----------------------|
| <input type="checkbox"/> rare | <input type="checkbox"/> often | Duration: _____ Sek. |
|-------------------------------|--------------------------------|----------------------|

Location

- | | | | |
|--------------------------------|-------------------------------|-----------------------------------|-------------------------------|
| <input type="checkbox"/> All | <input type="checkbox"/> Head | <input type="checkbox"/> Shoulder | <input type="checkbox"/> Arm |
| <input type="checkbox"/> Trunk | <input type="checkbox"/> Hip | <input type="checkbox"/> Knee | <input type="checkbox"/> Foot |

Radius of movement

- | | | |
|----------------------------------|-----------------------------------|-----------------------------------------|
| <input type="checkbox"/> minimal | <input type="checkbox"/> moderate | <input type="checkbox"/> up to the stop |
|----------------------------------|-----------------------------------|-----------------------------------------|

Acceptance of the AKTIVLINE during trial

- | | | |
|-------------------------------|-------------------------------|----------------------------------|
| <input type="checkbox"/> good | <input type="checkbox"/> poor | <input type="checkbox"/> unclear |
|-------------------------------|-------------------------------|----------------------------------|

Duration of first trial

- | | |
|-------|---------------------------------------------------------|
| _____ | <input type="checkbox"/> another trial being considered |
|-------|---------------------------------------------------------|

Results of the trial / consultation

- | | |
|-----------------------------------------------------------------------|------------------------------------------------------------|
| <input type="checkbox"/> Design of a rigid seat shell | <input type="checkbox"/> Design of a dynamic seat shell |
| <input type="checkbox"/> Design of an initial treatment | <input type="checkbox"/> Design of a second treatment |
| <input type="checkbox"/> Design of a development-related modification | <input type="checkbox"/> combined with electric wheelchair |

in regular use at:

- | | | | |
|---------------------------------------|----------------------------------------|---------------------------------------|----------------------------------|
| <input type="checkbox"/> Kindergarten | <input type="checkbox"/> School / Work | <input type="checkbox"/> Nursing Home | <input type="checkbox"/> At home |
